- Display the Character Counts Pillars in word, deed, & action:

Responsibility	Trustworthiness
Respect	Caring

Student Conduct & Discipline

Students are expected to conduct themselves in a manner that is consistent with the vision, goals and values of the Salt River Pima-Maricopa Indian Community Education Division and its Schools. Accordingly, Salt River Schools will teach students to be respectful, responsible and safe while at school and on school property.

Responsibilities of Students

Student responsibilities include regular school attendance, conscientious effort in classroom work and conformance to school rules and regulations. Above all, students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to learning.

NO student has the right to interfere with the education of his/her fellow students. It is the responsibility of each student to respect the rights of teachers, security, students, administrators and all others who are involved in the educational process. Students should express their ideas and opinions in a respectful manner.

Any student who has a grievance with a school staff member, absent a disciplinary matter, may raise his/her grievance with the School Principal.

BEHAVIOR INTERVENTIONS & SUPPORT

Salt River Schools will provide students with lessons, interventions and encouragement to display the School expectations at all times. Should a student and parent/legal guardian choose not to accept behavior intervention support; consequences will be assigned with the intention being to help the student decide to be safe, respectful and responsible at school.

The parent/legal guardian must submit proof that student has been evaluated or is receiving professional services to address the behavioral concern (s). If proof is submitted, an alternative plan may be put into place instead of a suspension.

Accordingly, students are prohibited from engaging in behavior that:

- Obstructs, disrupts or interferes with any educational, administrative, disciplinary or other activities sponsored or approved by Salt River Schools.
- Endangers or threatens the safety of any person
- Inflicts or threatens to inflict damage on any Salt River Schools property, employees, students or others.

Disciplinary Actions may include but are not limited to:

1. * ALTERNATIVE LEARNING CLASSROOM-

Temporary assignment to an alternative learning classroom (ALC) is an alternative to off-campus suspension. An ALC may be imposed for part of a day or for one or more days. The student is removed from the regular classroom setting and is assigned to a location isolated from classmates. Class assignments will be given to a student placed in an ALC.

The parent will be notified.

2. INFORMAL TALK -

A school authority (teacher, administrator or counselor) talks to the student and tries to reach an agreement on how the student should behave.

3. CONFERENCE -

A formal conference is conducted with the student and one or more school officials.

4. PARENT INVOLVEMENT –

The parent is notified by telephone, personal contact, letter or certified letter. A conference may be conducted with the student, parent, appropriate school officials and any other individuals concerned.

5. *IN-SCHOOL SUSPENSION-

The student is subject to consequences that do not require out of school suspension but will require loss of privileges, detention, and temporary removal from the regular classroom environment students will receive instructional service in an alternative setting. This will be recorded as in school suspension for attendance purposes.

***Site administration will determine placement either using ALC or ISS.**

6. SHORT TERM SUSPENSION -

The student is subject to a suspension of 10 school days or less. A short term suspension may be imposed by school administrators. During that suspension, the student is not permitted on division property or at division functions.

7. LONG TERM SUSPENSION-

The student is subject to a suspension of 11 school days or more. A long term suspension may be recommended by the school administrator and imposed by the superintendent or designee during that suspension, the student is not permitted on division property or at division functions unless the student has been readmitted to school by the Education Governing Board. If the student is re-admitted, the student will be placed on a behavioral contract for the remainder of the current school year.

8. INTERVENTION PROGRAM-

*This shall take the form of a short term suspension **combined** with a counseling program in which the parent/legal guardian must submit proof that student has been evaluated and is receiving professional services to address identified behavioral concerns. **IF** proof of counseling is submitted by the parent/legal guardian, an alternative plan may be put into place rather than imposing a long – term suspension. The alternative plan must be approved by the site administrators with the approval from the Exceptional Student Services Director and or the Education Social Services Department using a 3-tier approval template. If re-admittance is granted, the student will be placed on a behavioral contract for the remainder of the current school year.*

9. EXPULSION-

The student is subject to permanent expulsion from all Salt River Schools. Expulsion may be recommended by a school administrator and imposed by the Education Governing Board following a hearing before a hearing officer. The hearing officer shall be the Superintendent or designee as may be appointed by the Education Governing Board. Only the Education Governing Board can expel a student and will take into account the recommendation of the hearing officer in making their decision. Upon expulsion, a student is not permitted on division property or at division functions unless the student has been readmitted to school by the Education Governing Board.

Prohibited Behavior and Consequences

Action taken by the Site Administrator or designee will fall between the minimum and maximum category identified on the following disciplinary action charts. Use of discipline alternatives is at the discretion of Site and or Division Administration. In some situations, i.e., alcohol/drug violations, suspensions may be reduced when the student attends counseling.

Certain offenses may also be a violation of local or state law. Therefore, law enforcement authorities may be notified and may take action separate and in addition to any action taken by the school.

Only under unusual circumstances will a student be found guilty of these offenses be considered for punishment less than expulsion.

Additional fines, charges, citations may be incurred under the Salt River Pima-Maricopa Indian Community Code of Ordinances, other applicable law, or other Education Division policies including policies pertaining to school attendance.

After an investigation, any student found to be involved as an accessory to any of the offenses may be subject to the same range of consequences listed for that offense. Likewise, any student found to have been involved in a conspiracy to commit an offense may also be subject to the same range of consequences for the identified offense.
